WE HAVE INCLUDED EVERY LUXURY – AND INVENTED SOME OF OUR OWN.

The suites at Bellagio are designed to feel more like an opulent residence than a temporary getaway. Make yourself at home with the utmost in style and convenience, including high-speed internet, whirlpool baths, wet bars with refrigerators, fax machines, separate master bedroom climate control and a vast array of deluxe spa products.

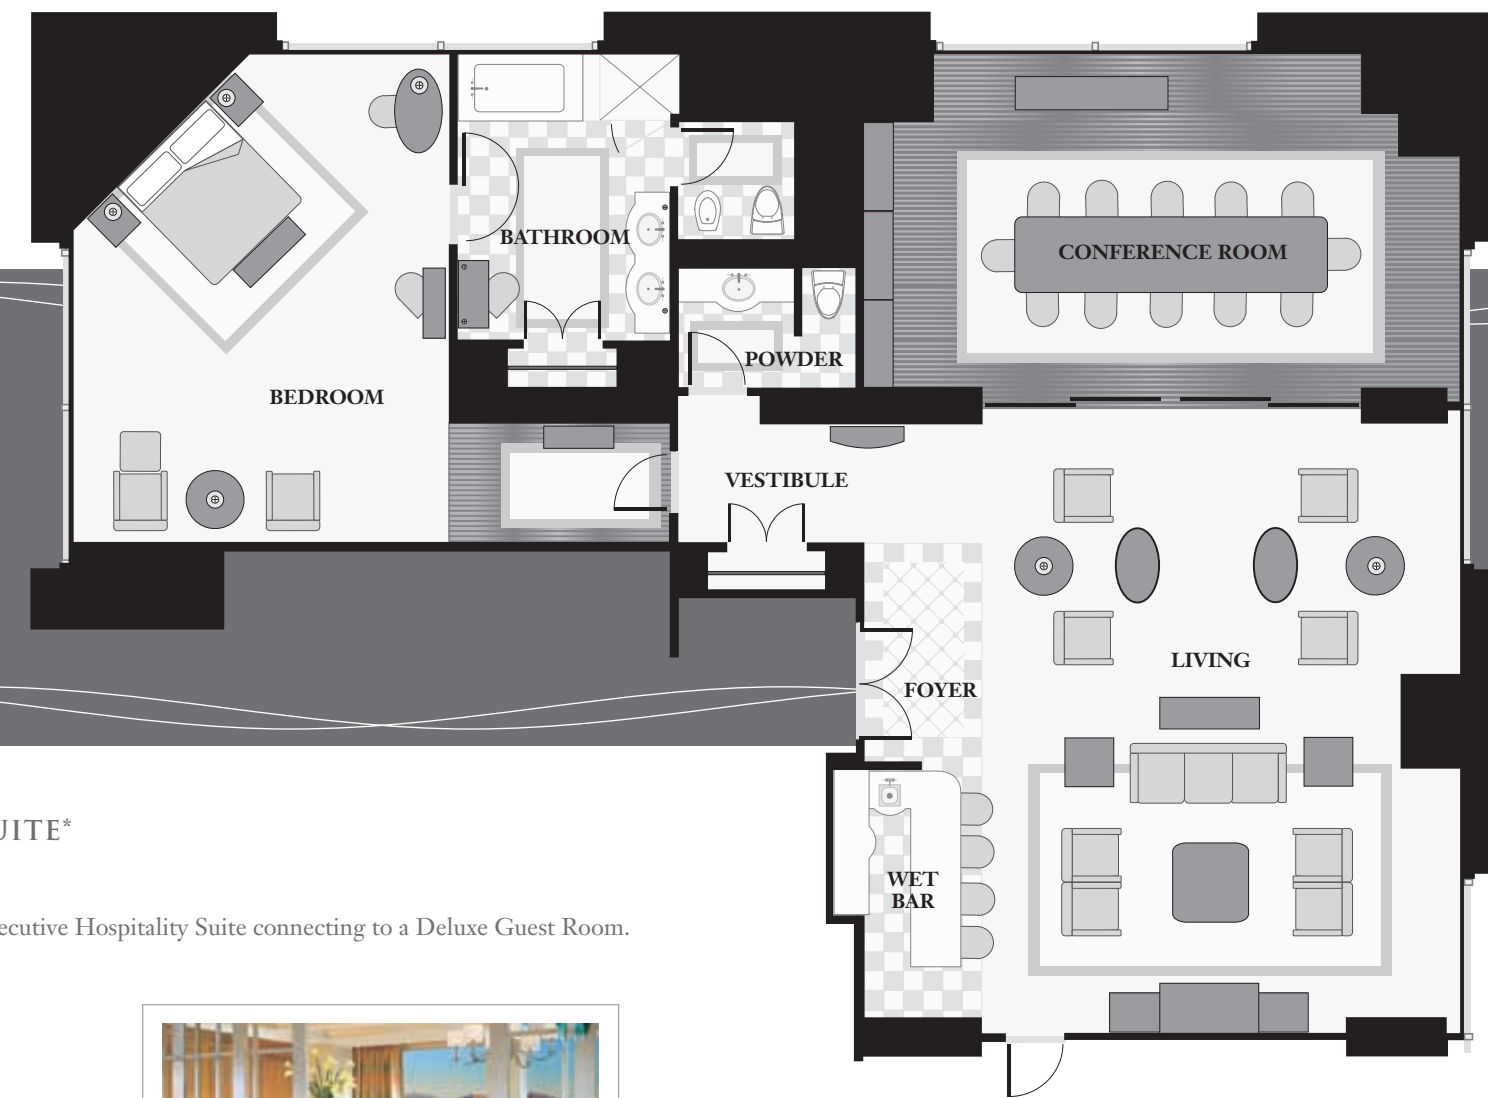

Many suites feature “his” and “hers” bathrooms – “his” with a steam shower, “hers” with a soaking whirlpool tub. We’ll maximize your comfort with robes and slippers and separate illuminated makeup/shaving mirrors. And our nightly turndown service is a welcome reminder that a complete staff is always available to assist you. Which makes for luxury accommodations – in every sense of the word.
