You are also provided with nutritional and exercise guidance, in order to extend the beneficial effects of the program at home.

HOT STONE

1 HOUR 30 MINUTES

This relaxing massage uses heated stones to generate energy and create a sense of balance and calm, as well as giving relief to deep-seated muscle tension. Stone therapy is a Native American Indian practice which has been used since ancient times as a soothing and healing treatment.

AROMATHERAPY

THAI

1 HOUR 20 MINUTES

A combination of gentle rocking motions, rhythmic acupressure and assisted stretching serve to deeply relax and revitalize body and mind. Benefits include increased flexibility, relief of joint and muscle tension and a balance of the body's energy system.

BODY WRAPS

PERSONALIZED OCEAN AND EARTH

1 HOUR 20 MINUTES

The Ocean and Earth Body Wraps inspire a life-enhancing experience that begins with a body exfoliation. Personally chosen aromatherapy oil is applied before the complete enveloping body wrap. The body wrap is designed to comfortably raise the body's temperature and induce perspiration to help eliminate toxins and increase the absorption of the oils and the wrap. The sophisticated menu of individual wraps uses a choice of marine mud, algae or oshadi clay. Ultimate tranquility is achieved with a mind-calming Oriental Head Massage. These wraps will be specifically selected by your therapist to suit your individual needs.

BODY TREATMENTS

CONTOUR AND FIRM

2 HOURS

A full body contouring treatment that helps reshape the figure and is ideal for those in need of detoxification, re-mineralization and an overall energy boost. AQUA EXPERIENCES

HAMMAM

Originating in Turkey, Hammams provide places for relaxation, well-being and social gatherings. The intense heat warms the body slowly and continuously, stimulating sweat glands, increasing blood circulation and promoting healthy skin tone and texture. The Hammam is equipped with two experience showers for an enjoyable cooling sensation.

The core of the Hammam experience is the scrub, which is performed on a heated marble massage table. The treatment begins with a loofah exfoliation, which is followed by the more invigorating Hammam scrub, leaving the body feeling energized and smooth.

RHASSOUL

The Rhassoul offers a one-of-a-kind Moroccan experience designed as an ancient healing ritual. Natural mud is carefully selected and prepared in an ante-room, where guests can apply the mud to all parts of the body and the face. The guest proceeds to a heated room at 100°F. Dry heat dries the mud and allows the skin to draw out impurities from the body. After 15 to 20 minutes, aromatic steam is released, allowing the mud to be moist again. As the mud softens, its beneficial ingredients and natural minerals are absorbed by the body. A gentle rain shower signals the end of the program. Advance booking and charges will apply for this experience.
